- Stakeholder communication
- Problem solving
- IT troubleshooting
- Data analysis & reporting

Dickson Rutha

Head of Systems · Software Engineer · Project Manager

I build the systems that move money, messages and machines: payments, chatbots, IoT and AI.

8+ years building & leading tech	**7+** products shipped to real users	**3** integration types: banks, mobile money, SMS	**2** current roles: ChemCheemi & Ecowater

PROFILE

Software engineer (BSc, University of Dodoma) who turns business problems into working products. As Head of Systems at ChemCheemi Africa I lead our IoT and AI products; at Ecowater International I build the apps and chatbots behind ordering, deliveries and payments. I connect systems to banks, mobile money and SMS providers, and I'm at my best running several projects at once.

EXPERIENCE

Head of Systems
2023 – Present

ChemCheemi Africa

- **Lead systems & technology** for the company, from planning and architecture to delivery and support.
- **Built TapCloud**, an IoT platform for connecting, monitoring and managing devices remotely.
- **Bring AI into the product**: develop AI-powered features and integrate AI tools into company workflows.
- **Integrate payments & messaging**: connect our systems to bank APIs, mobile money and SMS providers.

Software Engineer
2023 – Present

Ecowater International Limited · Dodoma

- **Own the software** behind Ecowater's water ordering, delivery, retail and payment operations.
- **Ship chatbots & apps**: WhatsApp chatbots and Flutter apps for customers, drivers, cashiers and stores.
- **Keep quality high** through design reviews, code reviews, testing and fast troubleshooting.

MITz Kits & StadiSpace Manager
2018 – 2023

MITz Group Company · Mwanza

- **Delivered key projects** on schedule and to requirements, leading teams and coordinating resources.
- **Reported to senior management** monthly on finances and progress, raising issues and risks early.
- **Launched STEM programmes** and designed hands-on learning kits so students could learn by doing.

PERSONAL DETAILS

NATIONALITY
Tanzanian

EDUCATION

2014 – 2018
BSc Software Engineering
University of Dodoma

2012 – 2014
ACSEE (A-Level)
Galanos Secondary School

2008 – 2011
